

# PS600

InfesealPS

The new PS600 folder/sealer is the ultimate machine for the medium to large volume processing of one-piece mailers. Engineered for large volumes with high reliability demands.

Compact design for a production machine. The paper flow is electronically monitored and the system will automatically shut down in the event of any interruption; Operations can be resumed immediately without disrupting document sequence or count. In addition, an out feed counter is a standard feature, to allow easy calculation of processed documents.
